Before bitch is bred, owner must produce certified 4 generation pedigree, current brucellosis blood test, HD/ED certification, and proof that vaccinations are up to date to include Bordetella if bitch will be boarded. Bitch owner further promises to send bitch in good health and in season.

Guardian Rottweilers agrees to provide a return stud service of the same dog to the same bitch if no pregnancy results from the mating, at no charge. To receive the return service, the bitch owner must notify the stud dog owner of failure to conceive, in writing, not more than 70 days following the mating. If the stud is no longer available for whatever reason, for the return service, the stud owner or agent reserves the right to offer a different stud to the bitch owner. Travel expenses will be the responsibility of the owner of the bitch.

Bitch owner agrees to keep the bitch properly confined following the breeding to ensure no other dog could mate her accidentally, before mating season is finished.

Both parties agree that the pups resulting from this breeding will not be sold or given to any pet store or to any person or firm connected with the business of resale or wholesale of dogs.

One puppy born alive or dead constitutes a litter, however, if there are no live puppies born, GR will provide a return stud service on the next heat of the female provided all other obligations set forth in this contract are fulfilled. If the bitch fails to conceive on the second breeding, this contract will be terminated.
